

DOCUMENTATION & INTEGRATION LEAD (GROUP 8 – LOGIN & REGISTRATION)

1.USER GUIDE – Library Card Application

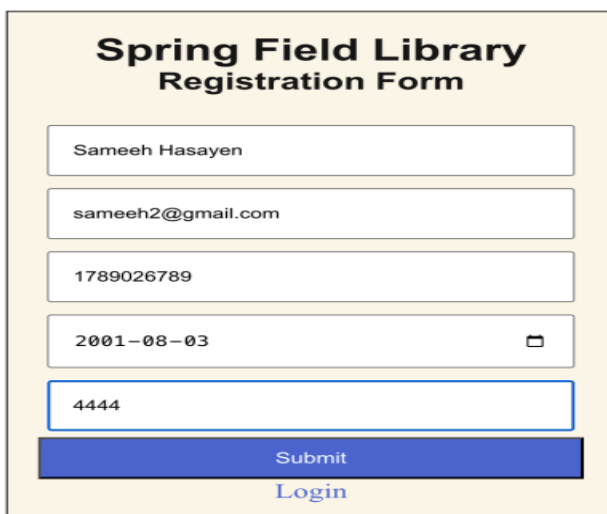

1.1 Purpose

Group 8 is responsible for implementing the login and registration module of the Springfield Public Library System.

This module allows new users to register for a library card and exiting users to login using their number and PIN.

1.2 Apply for a library card

1. Open the Apply page.
2. Enter:
 - Full Name
 - Date of Birth
 - Email
 - Phone
 - 4 digit Pin
3. Click Submit Application
4. The system generates a Library Card Number
5. A success page appears confirming the registration

The image shows a registration form for the Springfield Library. The form is titled "Spring Field Library Registration Form" and contains several input fields. The first field is for the full name, with the example "Sameeh Hasayen". The second field is for the email address, with the example "sameeh2@gmail.com". The third field is for the phone number, with the example "1789026789". The fourth field is for the date of birth, with the example "2001-08-03" and a calendar icon. The fifth field is for a 4-digit PIN, with the example "4444". Below the input fields is a blue "Submit" button and a blue "Login" link.

1.3 Registration Success Page

After submitting, the system shows a success page confirming:

- Registration successful
- The user's name
- Their Library Card Number

Spring Field Library
Registration Form

Registered Successfull!

welcome,Sameeh Hasayen
Your Library Card Number is 37407455

37407455

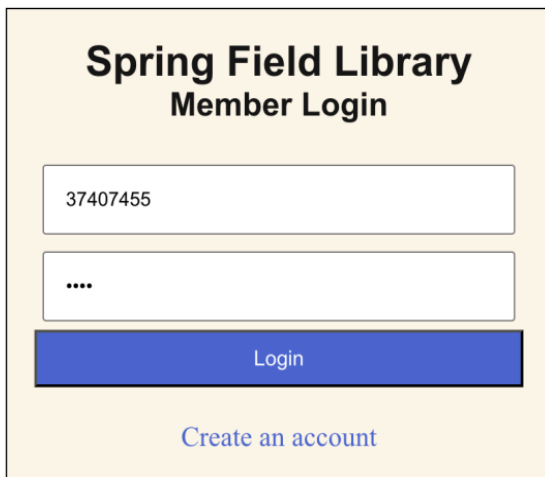

Please use the library card to log in.

[Login](#)

1.4 login Page

Steps:

1. Open the Login page
2. Enter
 - Library Card Number
 - 4 digit PIN
3. Click Login
4. Successful login grants access to the system
5. Unsuccessful login shows an error message

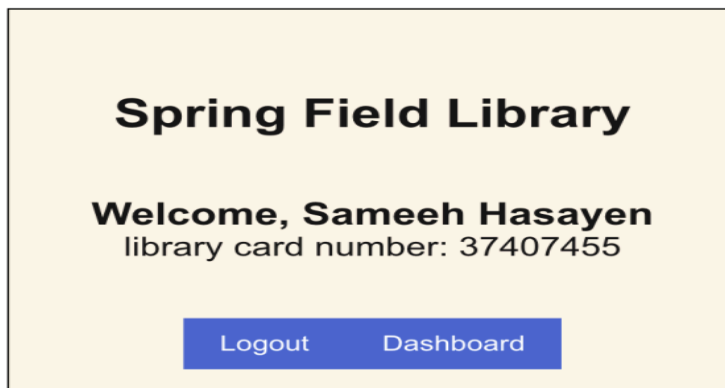

The login form is titled "Spring Field Library Member Login". It features two input fields: the first contains the library card number "37407455" and the second contains masked characters "....". Below these fields is a blue "Login" button. At the bottom of the form, there is a link that says "Create an account".

1.5. Welcome Dashboard

This page confirms login and offers options:

- Logout
- Dashboard

The dashboard is titled "Spring Field Library". It displays a welcome message: "Welcome, Sameeh Hasayen" followed by "library card number: 37407455". At the bottom, there are two blue buttons labeled "Logout" and "Dashboard".

2. Integration Report

2.1 Overview

Group 8 provides the authentication entry point for the entire library system.

Our module includes:

- **Registration flow** (Apply page)
- **Credential generation** (Library Card Number + PIN)
- **Login Authentication**

2.2 Internal Integration

Our module follows the architecture described in the System Design Document:

- **UI Layer:** Apply page, Login page.
- **Logic Layer:** Input validation, credential check, Card number generation.
- **Database Layer:** Member record insertion.

2.3 Integration With Other Teams

- Teams responsible for dashboards or member services rely on Group 8 to create valid user accounts.
- Group 8 provides:
 1. A unique **cardNumber** per user
 2. Login verification
- These outputs are used by other groups during their integration and testing phase.

2.4 Integration Testing Summary

Test 1 - Register -> Login (Success)

- Register a new member
- Use generated card number to login
- Result: PASS

Test 2 - Wrong PIN

- Enter correct card number + wrong PIN
- Expected: Error
- Result: PASS

Test 3 - Random Card Number

- Expected: Invalid credentials
- Result: PASS

3. Documentation and Closing Responsibilities

- ☐ Created the User Guide
- ☐ Wrote The integration Report
- ☐ Coordinated Screenshots for registration + Login
- ☐ Collected and organized all doc
- ☐ Ensured final deliverables follow the system design diagrams
- ☐ Prepared materials for the group presentation
